

PORTRAIT 1200 x 1800 px = 4.00 in x 6.00 in @ 300 DPI

Yellow: QR code, 300 px (1.00 in) square at x=820, y=1400. Leave it as plain background: the booth puts the QR here on prints and your logo file on downloads and stories.

Red edge (outer 36 px) may be trimmed: fill it with background art, no white.

Dashed line (70 px in): keep text, faces and logos inside it.

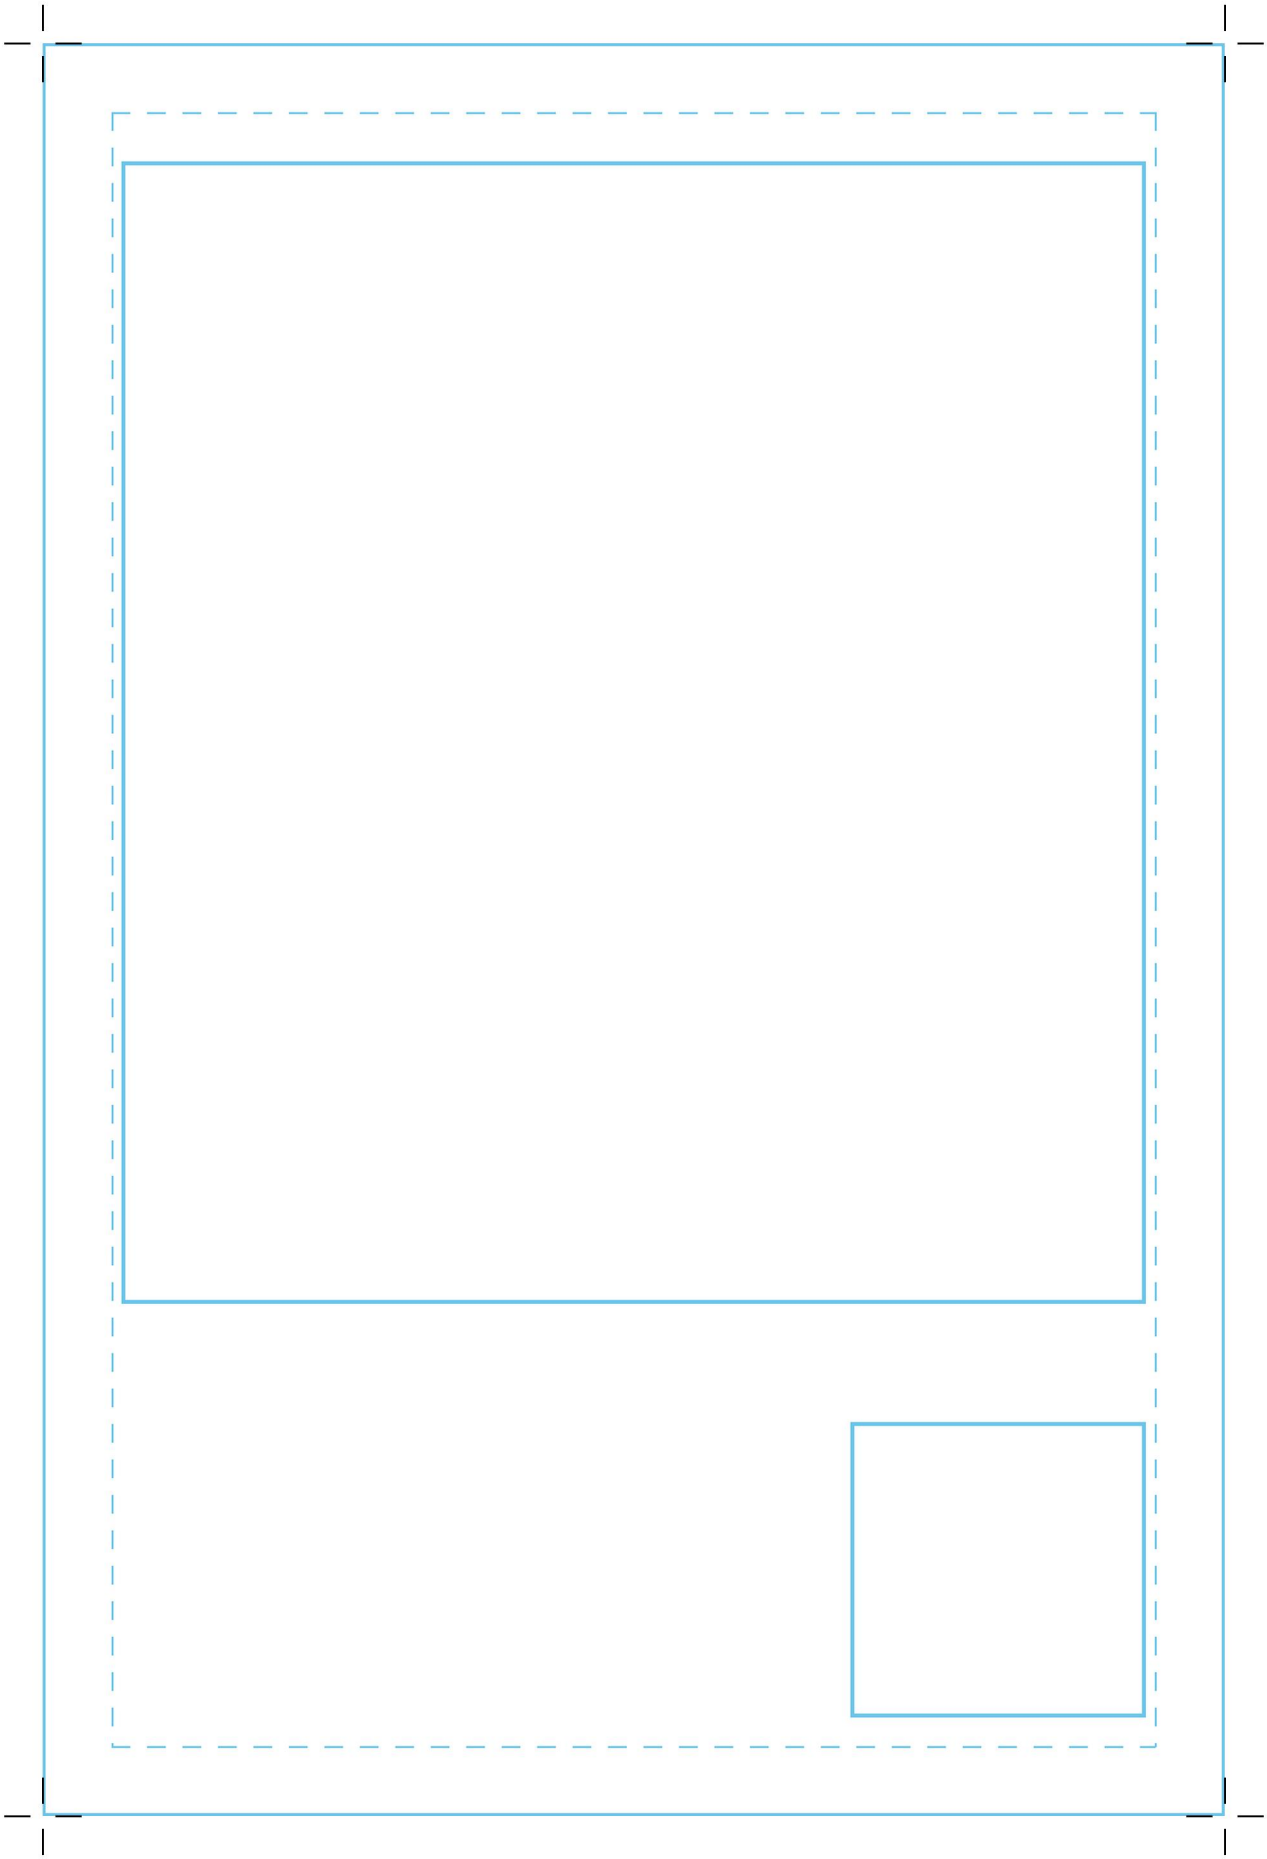

QR / LOGO
300 px

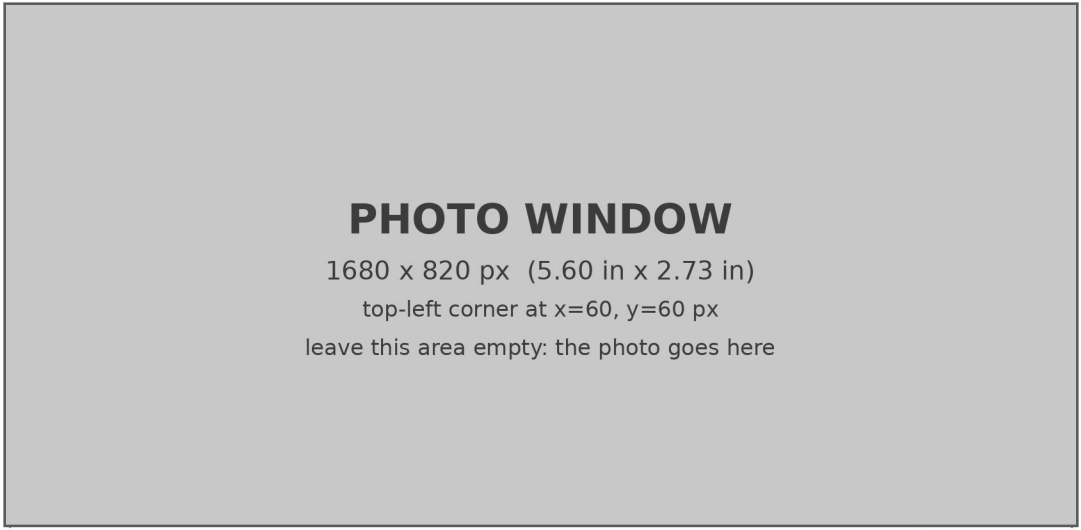

Portrait frame, drawn at 6.2 x 9.2 in

Draw over the light-blue lines (they scan out). Fill art to the outer border. Scan the whole page at 600 DPI.

LANDSCAPE 1800 x 1200 px = 6.00 in x 4.00 in @ 300 DPI

Yellow: QR code, 240 px (0.80 in) square at x=1490, y=890. Leave it as plain background: the booth puts the QR here on prints and your logo file on downloads and stories.

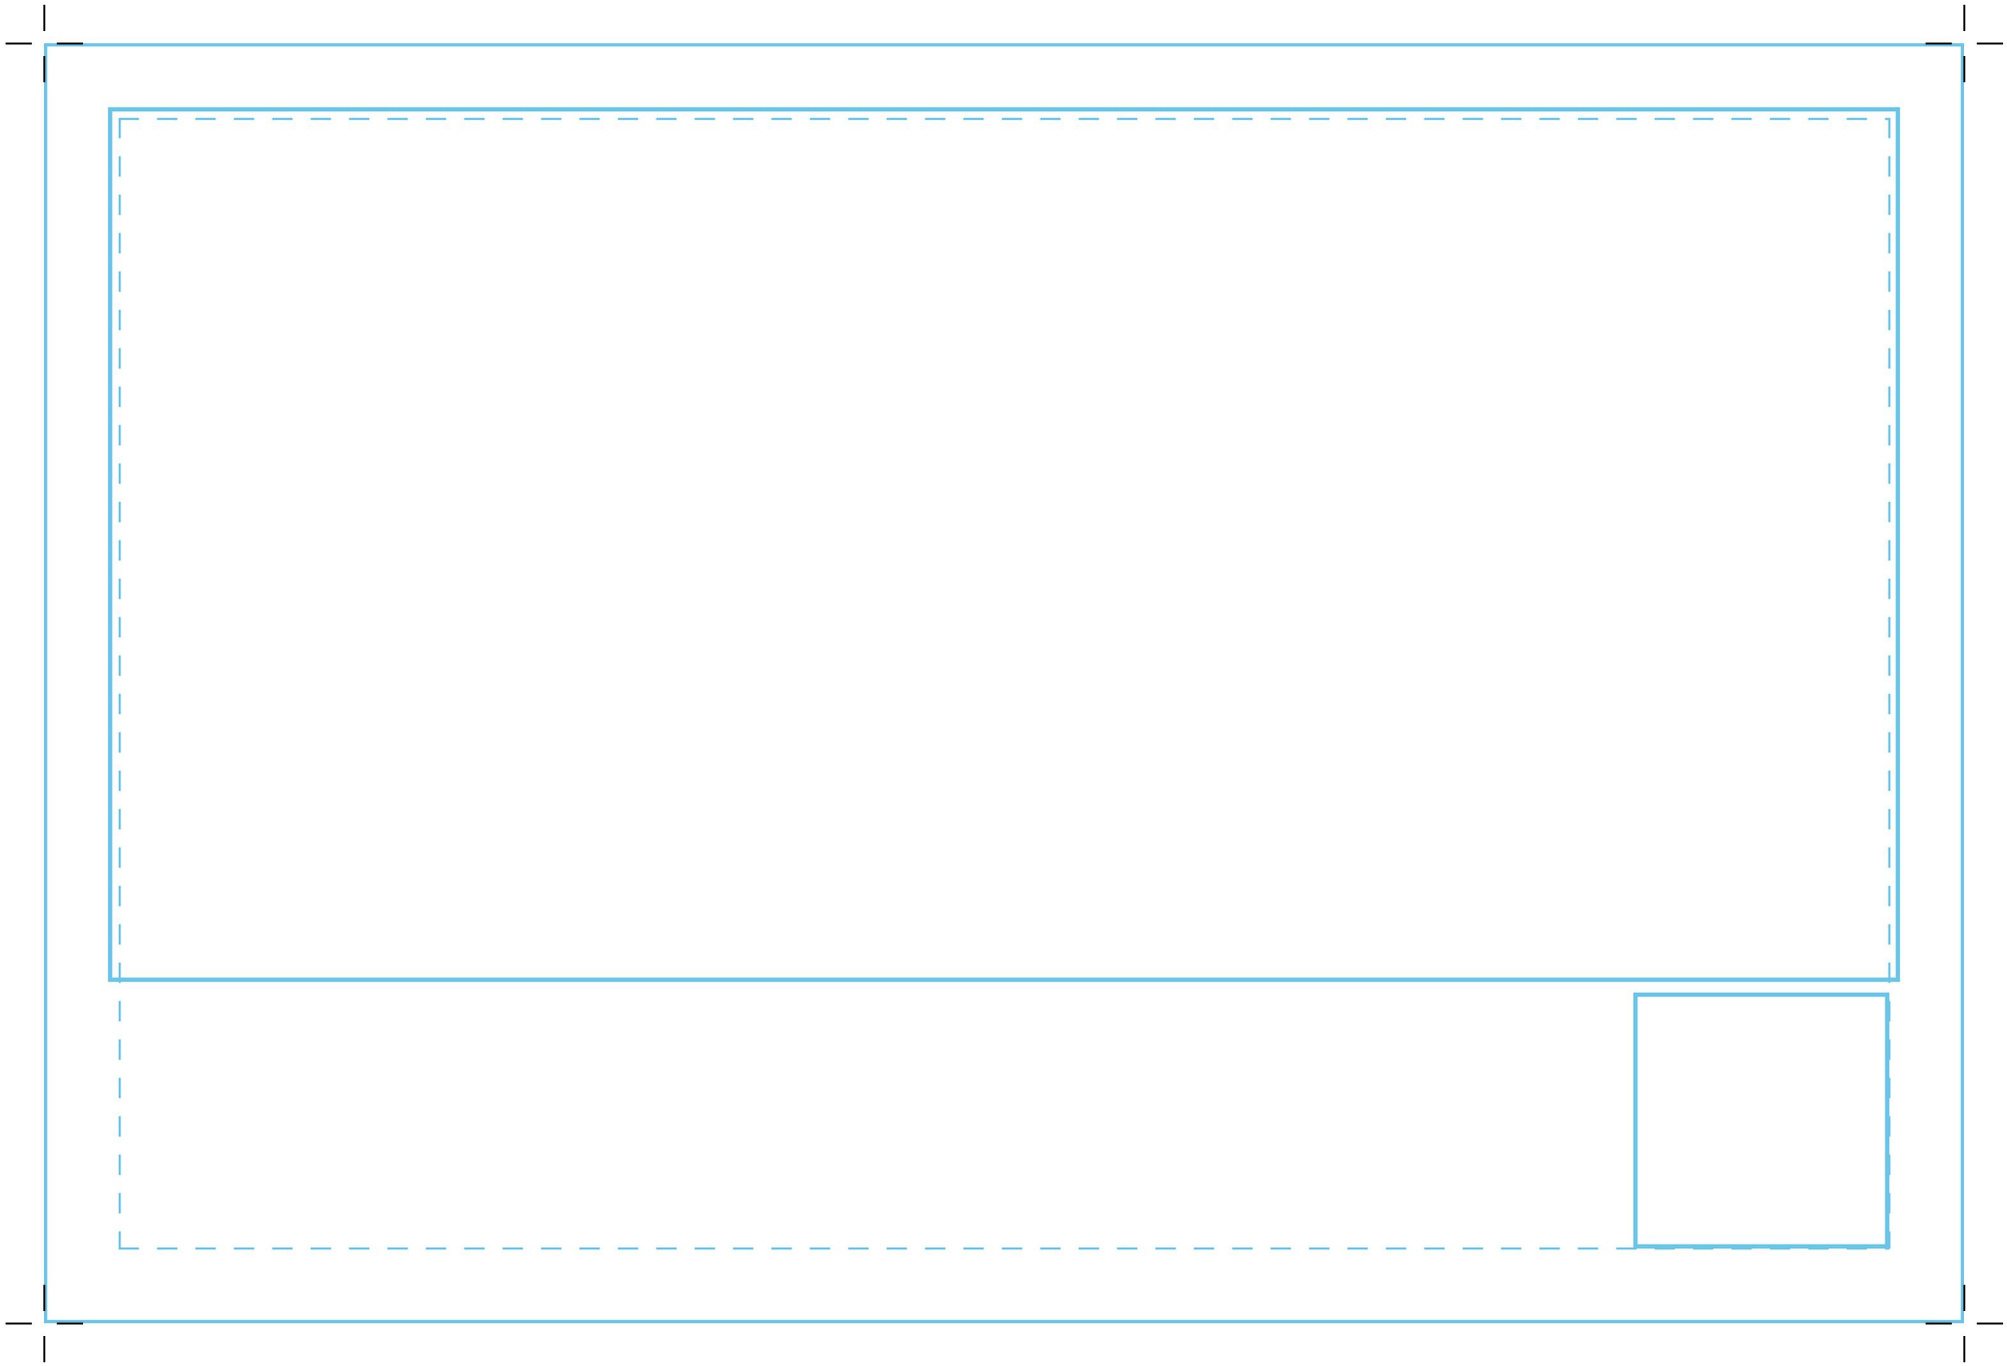

Red edge (outer 36 px) may be trimmed: fill it with background art, no white.

Dashed line (70 px in): keep text, faces and logos inside it.

QR / LOGO
240 px

Landscape frame, drawn at 10.0 x 6.7 in

Draw over the light-blue lines (they scan out). Fill art to the outer border. Scan the whole page at 600 DPI.

HOME SCREEN (touchscreen start screen)

Screen: 1024 x 600 px. This template: 2048 x 1200 px (2x, scaled down for you).

The whole screen is the start button: guests tap anywhere.

Put your event name and a 'tap to start' line in the art.

Keep text and logos inside the dashed line (30 px on screen).

Fill the art to the outer edge. The camera sits just above the top-center edge.

Home screen, drawn at 10.0 x 5.9 in

Draw over the light-blue lines (they scan out). Fill art to the outer border. Scan the whole page at 600 DPI.
